

Make a difference – Be a Camp Counselor

Have you ever thought about working at Camp? If you are wondering how to spend your summer consider a job at Camp Snyder. Spend your time in a place that will help you learn a variety of skills that will prepare you to reach your future goals and make a difference in the life of others.

New Experiences Camp counselors are trained to do many things during the summer. All staff will receive First Aid/CPR certification. You could take archery or BB instructor training. Whatever job you have, we can guarantee you'll have lots of new experiences!

New Mindset Camp has a profound effect on everyone who works here. You'll be more confident in your abilities, more open with communication, and perhaps have a new sense of purpose. Camp can open you up to who you are as a person, and you'll be surprised at how happy that will make you.

Communication A huge part of camp is realizing how vital communication skills are! Camp teaches you many ways to communicate. You'll be communicating with campers, camp leadership, leaders, and parents.

Live and Work in the Great Outdoors What comes to mind when you think about counselor accommodations at summer camp? I bet its NOTHING like ours! Our Camp staff stay in air-conditioned cabins with a kitchen, have access to 24/7 laundry, and have one guaranteed day off a week.

Just imagine your answers to these questions after a summer at camp:

Are you a leader? Yes! I managed and taught 15 campers at once, all summer, while being a good role model to the campers and other staff members.

Can you be flexible? Yes! You should have seen when a huge storm came rolling in, and I helped lead songs and games in the storm shelter.

Can you work as part of a team? Absolutely! When I worked at Camp, I worked with my program area team and I also helped with group assignments such as camp maintenance, flag ceremonies and campfire performances.
