

Participant Information for
Unit Activities in Michael's Woodshop
Revised July 2023

Units are expected to provide adequate adult supervision for all youth participants while they are in the shop.

Participants should dress appropriately for working in the shop: good shoes that cover the entire foot and provide good footing, avoid loose fitting shirts, remove neckerchiefs, remove jewelry and watches, tie back or otherwise secure long hair, long pants recommended.

We do not have potable water in the shop. Please bring your own water bottle if desired.

Portable toilets are located adjacent to the shop.

Drivers: Please see the [Camp Map](#) for the location and directions to Michael's Woodshop at Camp Snyder. If the small designated parking lot at the west end of the building is full, please note the location of overflow parking spaces near the cabins. Please do not park behind the building in the maintenance yard. Participants do not need to check in at the camp office, but should proceed directly to the shop upon arrival at camp.

Photos: Please take plenty of photos during your activity. If you have photos you would like to share, please email them to MichaelsWoodshop.CWBS@gmail.com. We periodically create and post new slideshows on the shop webpage and select photos may also be used for articles in The Scouter Digest (weownadventure.com). To caption the photo, please provide youth first name(s) and/or Unit #. We will send you a link to view/share when your photos have been added to a slideshow or included in a Scouter Digest article.

Support Michael's Woodshop: The official Michael's Woodshop Patch is only available in the shop. Make a cash donation of \$5 or more to support Michael's Woodshop to receive a patch. Please note that this is CASH ONLY. All proceeds go directly to fund shop improvements: new tools & equipment, shop supplies and tool maintenance needs (new blades/sharpening/etc.).

If you have any questions about your upcoming session, please email our volunteer team at MichaelsWoodshop.CWBS@gmail.com

We look forward to seeing you in Michael's Woodshop.

YIS,
Your Volunteer Team
